

## Black Donald's March

---

There are settings of this tune in the following

### *Manuscripts:*

- Angus MacKay, i, 192-194, with the title 'Black Donald Balloch of the Isles's March to Inverlochy 1427.'
- John MacDougall Gillies ff.60-61

### *Published Sources:*

- Donald MacDonald, *Ancient Martial Music*, (pp. 106-10, with the title 'Piobaireachd Dhomhnuill Duibh Black Donald Balloch of the Isles March to the First Battle at Inverlochy 1427.')
- Donald MacPhee, *Collection of Piobaireachd*, i, 22-24
- C. S. Thomason, *Ceol Mor*, (p.47)
- David Glen, *Collection of Ancient Piobaireachd*, (pp.18-20)

The sources develop the tune as follows:

 BLACK DONALD BALLOCH of the ISLES  
 March

TO THE FIRST BATTLE AT IYVERLOCHY  
 1427

*See next Piobaireachd*

Thumb or VAR: 1.

A historical account of this Piobaireachd given in Vol: 2<sup>d</sup>

The image displays a page of musical notation for a piano piece, consisting of ten systems of staves. Each system typically contains a grand staff with a treble clef on the upper staff and a bass clef on the lower staff. The notation is dense, featuring numerous notes, rests, and ornaments (indicated by small 'v' marks above notes). The key signature is one sharp (F#), and the time signature is 4/4. The piece includes several variations and performance instructions: 'VAR: 2.' is marked at the beginning of the third system; 'Doubling VAR: 2.' is marked at the beginning of the seventh system; and 'D.C.' (Da Capo) is marked at the end of the tenth system. The page number '107' is located in the top right corner.

Faulding VAR: 3.

Trehling VAR: 3.

Creanluis Round Movement.

Doubling

The image displays a page of musical notation, likely for a piano piece. It consists of eight systems of grand staff notation, each with a treble clef and a bass clef. The music is written in a key signature of one flat (B-flat major or D minor) and a time signature of 6/8. The notation is highly rhythmic, featuring complex patterns of sixteenth and thirty-second notes, often beamed together. The piece concludes with a double bar line. A section of the music, starting in the third system, is marked with the text "Feeling of Greenlands".

Donald MacDonald's is by far the most heavily cadenced version of the tune. These cadences, if played in the laboured 'modern' manner, would seriously interfere with the onward progress of the melody. If, however, they were incorporated into the rhythmical flow, as seems the intention, one might have something along the following lines:

Black Donald's March, Donald MacDonald's ground: possible timing

Black Donald's March, Donald MacDonald's leumluath singling, ditto

Black Donald's March, Donald MacDonald's taorluath singling, ditto

The image shows three staves of musical notation in 6/8 time. Each staff begins with a treble clef and a 6/8 time signature. The first staff is labeled 'Black Donald's March, Donald MacDonald's ground: possible timing' and contains four measures of music with eighth-note patterns, ending with '[Etc.]'. The second staff is labeled 'Black Donald's March, Donald MacDonald's leumluath singling, ditto' and contains four measures of music with eighth-note patterns, ending with '[Etc.]'. The third staff is labeled 'Black Donald's March, Donald MacDonald's taorluath singling, ditto' and contains four measures of music with eighth-note patterns, ending with 'and so on'.

MacDonald's a mach movements are set in his usual style, emphasising the first rather than the second note in the group. This contrasts interestingly with the timing in David Glen's setting which is given later.

Angus MacKay times the tune as follows:

Black Donald's March, Angus MacKay, ground line 1

Musical notation for the ground line of Black Donald's March, consisting of two staves of music in treble clef. The first staff contains the first four measures, and the second staff contains the next two measures, ending with a double bar line.

Black Donald's March, Angus MacKay thumb variation singling, line 1

Musical notation for the thumb variation singling of Black Donald's March, consisting of two staves of music in treble clef. The first staff contains the first four measures, and the second staff contains the next two measures, ending with a double bar line.

Black Donald's March, Angus MacKay thumb variation doubling, line 1

Musical notation for the thumb variation doubling of Black Donald's March, consisting of one staff of music in treble clef. The time signature is 2/4. The staff contains six measures of music, ending with a double bar line.

Black Donald's March, Angus MacKay thumb variation trebling, line 1

Musical notation for the thumb variation trebling of Black Donald's March, consisting of one staff of music in treble clef. The staff contains six measures of music, ending with a double bar line.

Black Donald's March, Angus MacKay, leumluath singling, line 1

Musical notation for the leumluath singling of Black Donald's March, consisting of two staves of music in treble clef. The first staff contains the first four measures, and the second staff contains the next two measures, ending with a double bar line. The text "and so on" is written below the second staff.

It may be felt that MacKay's choice of 4/4 for the ground (all the others go for 6/8 here), creates a rather square and pedestrian effect. From the Thumb Variation doubling onwards, MacKay's tonal contour in line three is as follows:

Black Donald's March, Angus MacKay, Thumb Variation doubling line 3

From this point, therefore, there is a difference between the tone rows of MacDonald and MacKay in the third line of each of the variations as follows:

Black Donald's March, Donald MacDonald tone row, line 3

Black Donald's March, Angus MacKay tone row, line 3

John MacDougall Gillies's main MS book contains an attractive setting of 'Black Donald's March', which he committed to paper 2 years after he won the Inverness prize pipe in 1882 playing this tune. Gillies was born and brought up in Aberdeen, and it may well have been at his home at 160 Hutcheon Street that he compiled the following account of the tune which is here quoted in his own hand in order to show his characteristically clear and fluent style. As is often the case, Gillies tends to omit ornamentation in the later variations where there is no possibility of ambiguity. It is full of Gillies's characteristic little subtleties, like his avoidance of the heavy final crotchet at the ends of bars in the ground; the accent being pushed around so that the timing of figures like the throw up from B and C to F in the Ground is varied, and the nice little cut up to high A in the Thumb variation singling balancing the contrasting descending figures from C and B to low A:

'Black Donald's March', John MacDougall Gillies's setting (in his own hand):

Hum Var.

Doubling Hum Var.

1st Var.

Doubling 1st Var.

The image shows a handwritten musical score for a piece titled 'Saorluath'. The score is written on ten staves. The first staff is labeled 'Saorluath'. The second staff is labeled 'Dùblig Saorluath'. The score ends with a signature 'Pipbreach Donald Shu' and a date '6th Dec 1884'. The music is written in a style characteristic of late 19th-century Scottish Gaelic music.

Of the later published settings, David Glen's is perhaps the most interesting, although his treatment of the Thumb variation doubling, where he elects to follow MacPhee, sits a little uneasily with the succeeding variations:

BLACK DONALD BALLOCH OF THE ISLES' MARCH TO THE BATTLE OF INVERLOCHY.<sup>(1427)</sup>

PIOBAIREACHD DHÒMHNUILL DUIBH.

Ùrlar. *Moderate*

8.

Var. 1<sup>st</sup> The Thumb Var.

Doubling of Thumb Var.

Var. 2<sup>nd</sup> Leumluath

Doubling of Var 2<sup>nd</sup> Dùblachadh an Leum-luath.

Musical notation for the first section, consisting of four staves of music. The notation is complex, featuring many beamed eighth and sixteenth notes, characteristic of a fast-paced piobaireachd.

Taor-luath.

Musical notation for the second section, consisting of three staves of music. It continues the fast-paced, rhythmic style of the first section.

Dùblachadh an Taor-luath.

Musical notation for the third section, consisting of three staves of music. This section is a double of the previous section, maintaining the same complex rhythmic patterns.

Taor-luath-a-mach.

Musical notation for the fourth section, consisting of three staves of music. This section concludes the piece with a final flourish.

Repeat the Úrlar.

## Crùn-luath.

## Dùblachadh a' Chrùn-luath.

## Crùn-luath-a-mach.

Repeat the Ùrlar.

## Commentary:

The historical associations of this tune, which link it to the first battle of Inverlochy, may well be arbitrary. It is not yet known who wrote the verbal parts of Donald MacDonald's *Ancient Martial Music of Caledonia* (although this is unlikely to have been MacDonald—see *The Highland Pipe and Scottish Society*, pp. 116-21), and on the first publication of the tune (in *Albyn's Anthology* in 1816, see below), this link with the remote past was not asserted. The early 19<sup>th</sup> century marked a serious revival of antiquarian interest in the Middle Ages and much was made of the supposed 'antiquity' of pìobaireachd, as we see in the titles of a number of contemporary collections of pipe music.

'Black Donald's March' was one of the first pìobaireachd melodies to become famous outside Scotland, thanks to its being used by Sir Walter Scott (whose hugely-selling books—which would have made him a multi-millionaire today—remain the source of much of the present popular view of "The Highlands") for his song "Pibroch of Donuil Dubh":

Pibroch of Donuil Dhu,  
Pibroch of Donuil,  
Wake they wild voice anew,  
Summon Clan-Conuil...  
Come from deep glen, and  
From mountain so rocky,  
The war-pipe and pennon  
Are at Inverlochy...

This was first published in composer song-collector and music editor Alexander Campbell's *Albyn's Anthology*, published in 1816. Campbell had visited Skye and Glenelg on a collecting expedition in the previous autumn and met Niel MacLeod of Gesto and Donald Roy MacCrimmon. He may have picked up the tune there, later passing it on to Scott who was on the committee of the Highland Society of Scotland which had sponsored Campbell's activities. Scott may have had direct access to the tune, however, because when his literary success made him a wealthy man and he set up as a country gentleman at Abbotsford in the Borders, he employed a piper of his own, John Bruce, thought to have been one of the Bruce family of Skye. Scott was little of a musician, however, and it seems that neither was his piper. Scott's son-in-law and biographer, John Gibson Lockhart, recorded a visit in 1819 by Mrs. Marianne Clephane, formerly Marianne MacLean of Torloisk in Mull, a harper and keyboard player who was rated by contemporaries as one of the foremost experts in Highland music of her generation:

...Mrs. Clephane thought poorly of John of Skye's piping. "Is he not an elegant man?" Scott tried to wheedle her. "He is a pretty man; but he understands little of his pipe," Mrs. Clephane said firmly. "His drones are not in tune with his chanter. He wants the Highland style altogether." Scott's uncle, Thomas Scott, agreed with her. "His ear is false," he said, "and he will never play well. My nephew, however, is fond of a good-looking man, which Bruce is, and he can make a noise..." (Edgar Johnson, *Sir Walter Scott the Great Unknown*, i, 683).
